<p>說明</p>	<p>Ming Chuan is special because it emphasizes the importance of sports which could bring so many benefits to the people.</p>
<p>得獎感言</p>	<p>I am extremely honored to be receiving my very first award, Let's Selfie Photography Contest in Ming Chuan University. I am earnestly grateful for the recognition I have received for my work, because I am very sure that every other participants are as good if not more, of winning this award.</p> <p>Even though 2 out of my 4 photos had been chosen, I can safely say that I never thought I would be winning this competition as this is actually my first time participating in a competition related to photography. Besides that I am not a person who likes to take selfie and I hardly have any selfie posted on my Facebook.</p> <p>Of course, I am extremely grateful to Dr. Chuang Chia Chi who was my lecturer in graphic and design class. If weren't for her, I wouldn't be joining this competition and I wouldn't be able to write this winning speech for winning the first prize and also the consolation prize.</p> <p>In conclusion, winning this prize will definitely make a great difference in my life and especially the mindset I've had and I am very glad that I did join this competition.</p>

得獎感言	I'm very happy to know that one of my pictures was selected. I'm not good at taking pictures and I joined the contest only because the teacher said she would give extra credit to the participants. However, now I feel encouraged to participate in contests like this. And I also want to improve my skills for taking pictures. It feels really good when your work is recognized by other people. So thank you so much for doing these type of activities I really enjoyed it.
