| First Place | <p>Student ID: 04270164</p> <p>Title: Yours simple choice, yet last forever. Choose Well</p> |
|  | <p>This moment is precious to me, and this moment is for my Graphic and Design professor, Dr. Chuang Chia Chi. She encouraged me to participate in this competition, Fall in Love with MCU at First Sight, my very first photography competition. I don't own a professional camera or high range lens but I love looking at pictures and enjoy the moment of taking it. I've loved drawing but I've got no natural talent for it. But, I'm glad that photography can replace my love towards pictures. I feel very honored to be receiving my first photography award and that I've learnt to enjoy doing what I love, where I am comfortable, happy and at peace. Photography isn't something temporary; but to be able to return to it in the near future. At the end of the day, it's all worth the time I've invested. The description "Your simple choice, yet last forever. Choose well", is truly made based on my personal experience. It's a simple click to decide to study in MCU after seven years being a dancer in a performing arts in New York, which is a completely different field. But, I've never regret for making this accurate choice. By winning this competition, it motivates me to take a step deeper in this field and to appreciate everything and each person around me.</p> |
| Second Place | <p>Student ID: 01270035</p> <p>Topic: My favorite corner</p> |
|  | <p>I came to Taiwan in September 2012, and will be officially graduating soon. I usually sat at my favorite corner as you can see in this photo. There is sunshine during summer, and you can feel the wind in the winter. From this view, we can see building A right in front of us. At the same time, if you turn around, you can see a nice view of Shilin night market which is MCU's students' favorite place. I am glad to win this contest! Thank you Ming Chuan University for being my nice friend during these four years. It's time for me to say good bye. Wish everyone the best!</p> |
| Third Place | <p>Student ID: 03911571</p> <p>Topic: Volleyball girls</p> |
|  | <p>Thank you so much for the 3rd Place Award. I'm so grateful for this award. I've studied in Ming Chuan for 2 years. I love playing volleyball and joined in the IC volleyball team. And it becomes my inspiration to take this photo. This is my first time to participate this competition. I'm looking forward to joining MCU photography competition again since I had fun and gained a good experience from it. Thank you</p> |

With description 'Happiness is part of MCU, relax is the meaning' is to show that there are always ups and downs in life no matter where we are, at the same time there are tons of undiscovered things to cheer us.
